FOR EDUCATIONAL PURPOSE ONLY

Co-funded by the
Erasmus+ Programme
of the European Union

Module 1

- which fields of study/subjects could be implemented in the existing study programs? Do we know how can we implement this new fields to the study programs? Do we need any special authorization?
- which methods should be imparted in university for future researchers/developers?
- which training bays would be useful to impart new knowledge in a practical way?
- which organisational management levels should be involved in the implementation of new knowledge acquired? How can we involve them?
- which resources will be necessary to implement new knowledge? Do we already have these resources? How can we get them?

Module 2

- have you check your institutional communication strategy? how can we improve our communication strategy?
- which stakeholders should be involved in the design of new training programmes at faculty level? Do we already have contact with them? If not, which strategy can we use to contact them?
- which training strategies in the design, implementation or evaluation are we using at our own university? can we use some of the new strategies presented during the training? Which ones? How can we involve our colleagues to adapt their strategies in their courses?
- which organisational management levels should be involved in the implementation of new knowledge acquired? How can we involve them?
- which resources will be necessary to implement new knowledge? Do we already have these resources? How can we get them?
